

The Aesthetic Center for Gynecology & Women's Health at Frankford Hospitals....

Now Offering Laser Hair Removal and BOTOX® Cosmetic Treatments for Women and Men

Take advantage of affordable cosmetic procedures offered by the respected staff of a leading community hospital gynecology practice right in your neighborhood. The Aesthetic Center for Gynecology & Women's Health offers a variety of cosmetic services at its Aesthetic Center for both women and men:

- *Remove that deep wrinkle.* With a quick and simple BOTOX® Cosmetic injection, we can smooth those frown lines between the brows.
- *Get rid of hair where you don't want it to be.* The latest laser treatment easily removes hair follicles to keep hair away for the long term.
- *Make legs veins disappear.* Let us safely and easily laser away spider veins and small varicose veins so you can show off your legs again.

Highly trained physicians perform these safe and effective cosmetic treatments in a comfortable setting. *Call us for a free consultation and \$25 gift certificate toward your treatment.*

For more information, visit us online at www.frankfordhospitals.org/women.
